### Services

Lenovo Professional Services

***Supported by SAP HANA and Lenovo, Yonghui is well-equipped to make its vision of becoming China's number one supermarket a reality.***

To underpin its expansion and digital transformation plans, Fujian Yonghui Supermarket migrated its mission-critical SAP applications to the SAP HANA platform. Running on powerful, scalable Lenovo ThinkSystem servers equipped with Intel® Xeon® processors, Yonghui has seen a big increase in performance – setting the company in good stead to support future growth.
