"With our new Lenovo hyperconverged infrastructure underpinning operations, we can be sure of keeping cargo moving 24 hours a day, 365 days a year."
—David Musgrave, Director of IT, Lone Star Transportation

To ensure that cargo is delivered on time, Lone Star Transportation depends on its fleet management applications running reliably 24/7. With a hyperconverged infrastructure from Lenovo and Nutanix underpinning operations, Lone Star's drivers can keep on trucking.
