

# + Virtual BackOffice

On demand for fast, flexible cloud services with Lenovo Flex System

## Solution components

### Hardware

- Lenovo Flex System Enterprise Chassis
- Lenovo Flex System x240 M5 compute nodes with Intel® Xeon® E5 processor family
- Lenovo Flex System EN6131 40GbE Switch
- Lenovo Flex System EN6132 40GbE Adapter

### Software

- VMware vSphere
- VMware NSX
- IBM Spectrum Virtualize

*“With the Lenovo Flex System solution, we can offer extremely high levels of performance, availability and reliability, and be sure of meeting demanding SLAs.”*

*— Julian Merkl, Managing Partner, Merkl IT*

## Client success summary

To meet increasing demand for cloud computing from its customer base, Merkl IT relies on Lenovo Flex System to support its Virtual BackOffice managed cloud services. Able to quickly, easily and flexibly configure the Lenovo solution to meet each customer’s individual needs, Merkl IT can deliver high-performance, highly reliable cloud services, and keep ahead of the competition.
