

# SCHWÄBISCHES TAGBLATT

Delivering the daily news with hot-off-the-press Lenovo infrastructure.

## Solution components

### Hardware

Lenovo Servers with Intel® Xeon® processor family

Lenovo Storage

Lenovo SAN Fibre Channel switches

### Software

Lenovo XClarity

SUSE Linux Enterprise Server

*“Our previous hardware was old news. The new Lenovo infrastructure provides a rock-solid foundation for our operations, now and in the future.”*

*—Sascha Speidel, Head of IT, Schwäbisches Tagblatt*

German local newspaper the Schwäbisches Tagblatt upgraded its IT infrastructure with Lenovo servers, featuring Intel® Xeon® processors, and storage devices for round-the-clock availability of the core systems that staff need to go to press on time.
